

Great Awakening

Leah Faith

Verse 1:

Living for the weekend, Work for a cause
Golden idols hang on walls
Can't stop for a second, To myself I'm dedicated
Watch the clock. Climb the latter.
Cold-hearted people I try to flatter.
Don't know how to deal. Make the sun stand still

Chorus:

And it's one more call to break the silence
A heart-felt cry to know what love is
With myself I'm consumed
I yearn for more than mixed-up truth
Set me free Great Awakening

Verse 2:

Don't have time for love, for hope
Fruitless seeds don't seem to grow
Worship what I've created. Purpose has slowly faded.
Think about money, not about faith.
To get ahead my mind's amazed.
Pride comes the fall. The writings on the wall.

Chorus:

Bridge:

Wake up. Wake up.
Live for what's real.

Chorus:
